Financial Policy

We are dedicated to providing the best possible care and service to you and regard the complete understanding of your financial responsibilities as an essential element of your care and treatment. This financial agreement is intended to facilitate our ability to provide excellent service to you while minimizing our administrative costs. If you have any questions about the policy, please discuss them with the billing office at (979)696-8000 option 4. Please direct your questions about your financial responsibility *first* to your insurance company. However, do not hesitate to call us for questions about our statements to you.

Payment Options: For your convenience, we will accept cash, check, money order, VISA, MasterCard, Discover, and AMEX. A \$25.00 service charge will be added to your account for all returned checks and must be paid before additional appointments will be scheduled. Restitution of the check must be made within 10 days or check will be given to the County Attorney for prosecution.

Appointments: Broken appointments represent a cost to us, to you and to the other patients who could have been seen in the time set aside for you. Cancellations are required 24 hours prior to the appointment. We reserve the right to charge for missed appointments. Currently, our no show fee is \$50 and will increase at \$10 increments for each missed appointment beyond 3. Excessive abuse of scheduled appointments may result in discharge from the practice. Reminders are a courtesy to you; you are responsible for your appointment even if you do not receive a reminder notice.

Insurance: You must provide proof of your currently effective insurance at each appointment. Unless you have health coverage, full payment is due at the time of service. We bill participating insurance companies as a courtesy to you. All charges you incur are your responsibility regardless of your insurance coverage. We must emphasize that as your health care provider, our relationship is with you, our patient, not with your insurance company. You are expected to pay your deductible and copayments at the time of service. If we have not received payment from your insurance company within 45 days of the date of service, you may be expected to pay the balance in full. You are responsible to be sure all charges are paid whether by you or by your insurance carrier.

HMO's: HMO's usually require authorization prior to all visits. It is the patient's responsibility to get that authorization from your primary care physician with the dates of service of your appointments. If we do not have a copy of this authorization at the time of service, we will reschedule your appointment until that authorization is available or you may pay for your entire visit prior to being seen by your provider. Amounts that your insurance pays will be refunded to you.

Medicaid: Medicaid requires all recipients to present their card when seeking medical attention, failure to do so may result in the rescheduling of your appointment.

Cash Pay: Payment is due at the time services are rendered. Patients are encouraged to ask for a quote from the billing department before services are received.

Services Rendered in the Hospital: We will bill your health plan for all services provided in the hospital. Any balance due is your responsibility and is due upon receipt of a statement from our office.

Workmen's Compensation: We do not take Workmen's Compensation. We do not treat injuries incurred at work.

Minor Patients: For all services rendered to a minor patient, we will look to the adult accompanying the patient and/or the parent or guardian with custody for payment.

Financial Policy

Collection Agency: Any account that is given to our collection agency due to non-payment will have a 30% collection charge added to the account. Our collection agency will then collect the past due amount plus the 30% collection charge.

Disclosure of Financial Interest in AOCBV Laboratory and Intrafusion Infusion Suite

This disclosure is provided to you prior to any referral to the facility for laboratory services or the infusion suite in order for you to have an opportunity to select a different laboratory or infusion clinic to provide the services. You may choose not to utilize the AOCBV laboratory and/or Intrafusion infusion suite.

I understand that I am financially responsible for all charges for services provided to me, including the balance remaining after payment of possible insurance benefits. I authorize payment of medical benefits to Ricardo Pocrull, MD, FACR, Kati Langston, PA-C, Rajpreet Singh, DO, FACR, Laura Smith, PA-C for professional services rendered. I authorize the release of any medical information needed to process claims. I have read and understand the financial policy of the practice and I agree to be bound by its terms. I also understand and agree that such terms may be amended from time to time by the practice.

Joint Aspiration and Injection Acknowledgement Form

Patient: _____

1. Arthrocentesis or aspiration and injection of a joint are procedures commonly used by the AOCBV to improve joint function and provide pain relief as well as evaluation measures. This is an acknowledgement form for patient record identifying my acknowledgement of such procedures.
2. I understand that these are procedures performed by placing a needle into the joint or surrounding area. The goal is to withdraw fluid from the joint to provide pain relief, analyze the fluid under the microscope, and, possibly, inject medication into the joint to provide additional pain relief. I understand that the removal of fluid may be needed to find out why the fluid was present. I understand that fluid may re-accumulate after the removal. I understand that the medication that may be injected is a corticosteroid and may not provide long-lasting or permanent relief, and that no guarantee can be made about the outcome of my planned procedure.
3. Risks associated with joint aspiration and injection include the following:
 - Pain associated with the procedure if the needle touches joint surfaces
 - Increased bleeding, especially for those patients on blood thinning medications.
 - Damage to a nerve or joint surface from the needle or medication
 - Rare introduction of infection into the joint
 - Increased joint pain after injection of medication, or post-injection flare reaction

4. I understand that I can refuse any procedure that is offered to me during my care at AOCBV.

Controlled Substance Agreement For Narcotics Prescribed by AOCBV

I, _____, agree if AOCBV is prescribing a controlled substance that they will be the only physicians prescribing this medication for me and that I will obtain all of my prescriptions for controlled substances at one pharmacy. I will not seek controlled substances from another physician.

- I will not take controlled substances in larger amounts or more frequently than is prescribed.
- I will not give or sell my medication to anyone else, including family members; nor will I accept any controlled substances from anyone else. I agree to be responsible for the secure storage of my medication at all times. I understand that lost or stolen medication will not be replaced.
- I will attend all reasonable appointments, treatments and consultations as requested by my physician.
- I understand that the long-term use of controlled substances to treat chronic pain may result in physical dependence on this medication, and that sudden decreases or discontinuation of the medication will lead to the symptoms of controlled substances withdrawal. I understand that controlled substances withdrawal is uncomfortable but not life threatening.
- I understand that there is a risk that I may become addicted to the controlled substances I am being prescribed. The risk is small where medication is taken as prescribed for pain.
- I understand that my physician may require that I have urine monitoring monthly for *Schedule II* medications, every 3 months for *Schedule III* medications. Should a concern about addiction arise during my treatment my physician may ask me to see a specialist in addiction medicine. I will comply with all requests for laboratory tests including random or scheduled urine monitoring for appropriate narcotic management as ordered by my physician.
- I understand that the use of any mood altering substance, such as tranquilizers, sleeping pills, alcohol or illicit drugs (such as cannabis, cocaine, heroin or hallucinogens), can cause adverse effects or interfere with opioid therapy. Therefore I agree to refrain from the use of all of these substances without prior agreement from my physician.
- I consent to open communication between my doctor and any other health care professionals involved in my management, such as pharmacists, other doctors, emergency departments, etc.
- I understand that if I break this agreement, my physician reserves the right to stop prescribing controlled substances and I may be discharged from this practice.
- I will comply with requests by my physician to go to the office for a pill count between scheduled visits.

Refills Only:

- Please request refills through your preferred pharmacy. All controlled medications **MUST** be sent electronically to the pharmacy - we no longer have paper prescriptions for pick-up. Refills will not be filled on weekends, holidays, or sent out of state by the on-call provider, so please plan accordingly and all for in-office processing during our normal clinic hours.

FREQUENTLY ASKED QUESTIONS CONT'D...

1. Where do I find information about my condition?

There is plenty of information on our website. We recommend you read about the condition and then ask any further questions on your next visit. If you want to get answers or clarification prior to your next visit, we recommend you use the online function. You will have a better understanding of your condition this way.

2. How do I find out about my blood test?

Please allow 2 weeks for results. They will be discussed at your next scheduled follow-up. A provider may have support staff call if any information needs to be relayed sooner.

3. How do I get refills?

- a. Please call your preferred pharmacy for any refills.
- b. No refills will be sent by the on-call provider on weekends or after office hours. This includes **narcotics/controlled medications** - please plan accordingly.
- c. Narcotics/controlled medications are only refilled once a month. The only way to obtain a narcotic refill prior to one month is to see the doctor and be assessed.

4. What happens if I have a problem after hours?

A provider is on call 24/7. We do ask for consideration and that you try to contact us during normal office hours. This is where the patient portal function is especially helpful. For emergencies, please call anytime.

5. Ways to Cancel Appointments:

- a. Voicemail (ever over the weekend)
- b. Patient portal message
- c. Speaking with a staff member
- d. Replying "no" to your appointment reminder via text

Some things doctors **SHOULD** expect from the patient:

- That the patient will not hide facts about his/her illness.
- That the patient will try to follow the doctor's suggestions for treatment, or will tell the doctor when this has not been done.
- That the patient will keep his/her appointments or will cancel as soon as possible those which cannot be kept.
- That the patient will treat the doctor courteously and politely.
- That the patient will take responsibility to ask questions about those parts of his/her illness and its treatments that he/she does not understand well.
- That within the limits of the patient's ability, he/she will be responsible for knowing his/her past medical history and treatment.
- That the patient will not ask the doctor to act illegally or unethically.
- That the patient or a third party such as an insurance carrier will pay the doctor for his/her services.

Some things the doctor **SHOULD NOT** expect from the patient:

- That the patient will be grateful to the doctor for his/her care.
- That the doctor's opinion will never be questioned by the patient.
- That the patient will automatically follow the doctor's medical orders.
- That the patient will always be able to keep anger, depression or fear concerning his/her illness under control and will never displace it onto the doctor.
- That the patient will share the same moral customs and values as the doctor.
- That the patient has any obligation to continue under the doctor's care.
